Mariner High School Newsletter

June 2009

Principal's Message

As the school year comes to a close, we were thrilled to see how our students developed and achieved their individual goals. Our graduating class of 2009 will be missed and we wish them luck in their future endeavors.

The incoming freshmen will have the opportunity to participate in a summer program developed by our teachers and students called TritonQuest on August 11th. It is a great opportunity to become familiar with the school and the expectations that we have at Mariner. We will be in the fourth year of the Triton Academy for our incoming 9th graders. The purpose of the Academy is to provide a smooth transition from middle school to a large high school. Mariner has an outstanding staff to help mold and prepare our freshmen for success.

Many of our teachers will be participating in professional development throughout the summer by attending local, state, and national conferences in order to share best practices with fellow department members in an effort to provide your student with a quality instructional experience.

We will be conducting our back to school open house on August 22nd from 10:00 a.m. until 2:00 p.m. Please stop by anytime during the day to meet your teachers and view course expectations. There will be two different informational sessions in the auditorium at 10:30 a.m. and 1:00 p.m..

On a personal note you may have heard that I will not be returning next year. I have accepted a high school principal position in Blue Ridge, Georgia for next school year. This move allows for my family to spend more

Donate your 35mm Cameras

The Mariner Visual Arts department offers a very unique series of photography classes. Photography is our most popular art class and with the advent of digital cameras and Photoshop, it's offering our students the chance to delve into classes that could be a vocation for life but also as a possible career choice in photography and graphic design. Our students have always excelled in these art forms and it's a nice blend of old school and new school technologies. Students start in Creative Photography 1, a class that is solely dedicated to darkroom developing along with 35mm film. Black and white film and photographic paper are still readily available, but affordable cameras both point and shoot and single lens reflex cameras are harder and harder to come by. If you have either type of camera and would be willing to donate it to the department for students to use it would be much appreciated. A tax credit can be obtained from our bookkeeper upon request. Thank you for your support for this very unique course offering and helping make Mariner a great place to learn. Please contact Steve Frank, photography teacher, for more information.

A Letter to Senior Parents

Dear Senior Parents:

I want to offer a huge thank you to all the senior parents and volunteers who assisted with the senior breakfast and Project Graduation events. These are two tremendous events that require a tons of attention and dedication for the entire school year. We started in October and finished up on June 8th. The students always have great fun at both events and I wish to thank everyone for your assistance. Without you it would not have been possible. Also a big thank you goes out to all our donors and sponsors.

Best of luck to the 2009 Graduates; I know they will go far with parents such as you. Thank you again.

All my best,

Volunteens 2009

Volunteens will be wrapping up the 2008-2009 school year soon. We participated in over 35 events this year with one of the last events being the Mother-Son Dance at Cape Coral Yacht Club on May 15th and the 1st annual "Pearl Jam" Block Party on May 22, 23, and 24th at Big John's Plaza parking lot. A BIG thank you to all our officers and especially to presidents Jennifer and Renee Erickson—they were wonderful helpers for the past 4 years! We will miss you! We are looking forward to a new year next year and we will be very busy! Join the Volunteens next year and get involved!! It is a fun way to meet people, have fun, and get community service hours—all at the same time!

Key Club

The Key Club is part of an international, student-led organization that actively participates in community service. The club members decide on the service projects they would like to participate in and then follow through to complete the arrangements and schedules.

The focus of Key Club is service to others. Activities are held during school hours, after school hours, and on weekends. Some of the community service projects in which Mariner students have participated in past years include : blood drives, Habitat for Humanity, campus clean-up, UNICEF collection at Halloween, Kiwanis Kid's Fest, Toys for Tots, canned food collection for Salvation Army, and March of Dimes Walk for Babies.

We hope you will consider Key Club as an activity for next school year. It is a wonderful opportunity for freshmen to get involved early with Mariner High and begin volunteering. Please contact the faculty sponsor, Mrs. Betsy Kelly, if you have any questions.

Teen Trendsetters

Remember what it was like in elementary school - and how you thought high school students were so cool? Just think how exciting it would be for, say, an 8-year-old to have you as a buddy, a friend to go to for advice, to answer questions, or just listen. A Teen Trendsetter is someone who is willing to spend an hour a week reading and sharing books. And just think how good it's going to feel to know that you've made a difference in a child's life.

As part of the JUST READ FLORIDA program, Teen Trendsetters are matched with elementary public school students who need help improving their reading skills. As a mentor, your job is to spread the word about the Teen Trendsetters and to be the best role model you can be.

If you are interested, see Mrs. Norton in room 25.

"All it takes is a little bit of time, a lot of heart and a book."

Fencing Club

On April 26th, two fencers from the Mariner High Fencing Club competed in the Fort Myers Spring Fencing Tournament, held at the Southwest Florida Fencing Academy. April Lewis and Frank Nolan went up against fencers from all over south and central Florida, and both finished in the top 20.
